SHORT COURSE ANNOUNCEMENT
ON

PERSPECTIVE (PPA 2011 & PPR 2013 amended in 2016)

(08th - 12th October 2018 - IAA Arusha Campus, Arusha)

1.0 Course Background

Public procurement has, for long, been surpassed with inefficiency, malpractice, corruption, and misconduct disregard of fundamental "value for money" considerations. This has adversely impacted the rate and quality of progress in realizing the objectives of national development, especially in developing and transition countries. The procurement audit report for 111 procuring entities for financial year 2016/2017 carried out by the Public Procurement Regulatory Authority (PPRA) revealed that the overall average compliance was 74% far below the targeted compliance level of 80% which was set for 2016/2017. Basing on this view, the audit recommended that, the PEs are required to ensure that established organs have adequate knowledge on the PPA 2011, PPR 2013 and its amendments of 2016.
